

FAMILY MEDIA AGREEMENT

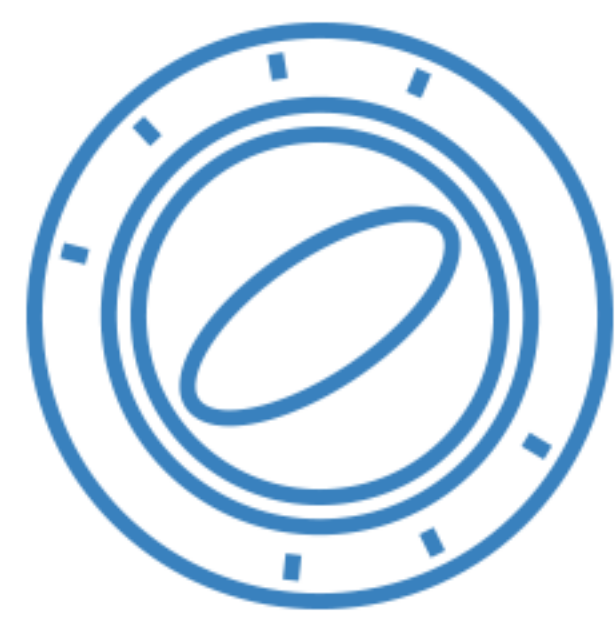

Qatari Family Media Pledge: The following template can be downloaded and read with your children. You can treat the family media agreement as a pledge to be honored by family members or you can actually sign the agreement.

Child or Young Person

- I agree to be a responsible digital citizen: to use internet, technology and my devices responsibly and in a safe manner.
- I agree to be respectful to others and to not put anything online that would be against Islamic and Qatari values.
- I understand that I should not share my personal information or the information of others.
- I agree to respect the limits of time that I can spend on the computer, tablet, smartphone or playing video games.
- I understand that not everything I read or see online is true.
- I will not use language that bullies or upsets anyone else online.
- I will block, report, unfriend anyone that makes me feel uncomfortable.
- I agree that internet and technology are a privilege that you provide me and I will maintain your trust in me.

Parent or Carer

- I recognize that the internet and technology are a part of your life.
- I agree to listen to your concerns about social media and your online activities.
- I agree to talk with you about what worries me when I think about internet and technology.
- I agree to talk with you about any issues that I may have about your online activities.
- I agree that internet and technology are a privilege that I will accord you because I believe in the benefits and opportunities of your digital future.

We agree to these conditions because our Islamic and Qatari values form the pillars of our behaviour online, just as they are offline.
